

Cancellation Policy

We are trying to make sure that our patients have the opportunity to get the most convenient appointment for them. We have a cancellation policy to protect you, the patient, and the facility.

For late cancellations, which are less than 24 hours, there will be a fee of \$35 per cancellation.

For no shows or cancellations within 1 hour of the appointment, the full charge of the visit will be the responsibility of the patient.

Insurance DOES NOT cover late cancellations and no shows. The full amount will be the responsibility of the patient.

We understand that sometimes unexpected situations arise and a cancellation has to be made within a short period of time. In those circumstances, the charge may be waived and will be evaluated on an individual case and with no more than one special circumstance per episode and case.

More than 3 late cancellations or no show per case may result in a dismissal of the case from our facility.

Full payment of the late cancellation/no show fee will be due prior to the following visit.
